PAGES 1 ENCLOSURES (NO. & TYPE)

REMARKS

25X1X

1. From 1,500 to 2,000 draftees of the 1917 through 1920 classes were processed by the Hungarian induction center in Kapuvar (P 48/X 93) on 1 January 1951. Approximately as many draftees of the 1923, 1924, and 1927 classes were inducted on 1 April. *
2. In early May, a Hungarian AAA unit of not less than battalion strength was quartered in a barracks installation on the northern perimeter of Suettoer (P 48/X 83). The installation contained 3 EM quarters, each 35 x 6 meters; 1 office building; 1 clothing storehouse; 1 garage for vehicles and guns, about 100 meters long; and 1 small ammunition storehouse. Six artillery pieces and about 20 motor vehicles were observed with the unit. Major Janos Molnar was the commanding officer. **
3. A border guard detachment of about 40 men under the command of Junior Lieutenant Janos Simon was stationed at Mexiko-Puszt, about 5 km west-southwest of Pamhagen (P 48/X 84). Another border guard detachment of 33 men under the command of Lieutenant Istvan Sfalvi was at Toezegegyar, about 4 km southeast of Pamhagen.

25X1A @. [REDACTED] Comment. The draftees were probably previously untrained personnel of the classes specified.

25X1A ** [REDACTED] Comment. The unidentified AAA unit in Suettoer has been confirmed.
